

HIV Pharmacy Association Study Day

Date: 19th September 2018

Venue: Pullman Hotel, Euston Road, London NW1 2AJ

Topic for the day: Research and “How to” Study day

Sessions include critical appraisal, journal article review session, fake news, and preparing conference posters

This study day will be streamed live using WebEx. The link will be sent to HIVPA members before the day.

NB: Please note HIV Pharmacy Association cannot be held responsible for individual issues that may be experienced as part of the WebEx web streaming function, such issues may be related to individual browsers.

HIV Pharmacy Association are dedicated to ensuring professional education and training opportunities for members and delegates but are not responsible for the content of presentations and other information supplied by individual speakers and/or organisations.

Programme

09.15 -09.45 Registration, refreshments and networking

09.45 -10.00 Co-Chair introduction

10.00-11.00 Session 1: Dr Colette Smith, Associate Professor, Infection & Population Health Institute for Global Health, Faculty of Population Health Sciences. University College London

Title: How to critically appraise a trial

Key Objectives:

- *Discuss how ARV trials are designed with practical examples*
- *Explain the advantages and limitations of different study methodologies*
- *Discuss major HIV trial outcomes and how to interpret these including: viral suppression/maintained viral suppression, adverse events, incidence of resistance and change in serum biomarkers (lipids/renal/bone)*
- *Illustrate these methodologies with reference to a major HIV trial*

11.00-11.15 Break

11.15-12.15 Session 2: Dr Colette Smith, Associate Professor, Infection & Population Health Institute for Global Health, Faculty of Population Health Sciences. University College London

Title: Journal Article review session

Key Objectives:

- *Provide guidance on how to critique common HIV trial methodologies in practice*
- *Explain how to interpret and critique HIV trial outcomes from a prominent trial and compare these to other trials e.g. adjusted treatment difference, virological success, virological failures (and lack of data), how some trials report adverse events while others elaborate regarding grade of adverse event*
- *Discuss how to apply these findings in clinical practice*

12.15-12.45 Industry Update - Merck Sharp & Dohme

Title: “100mg Raltegravir granules for suspension licensing update, change to packaging content with new instructions for reconstitution”

12.45-13.30 Lunch

13.30-14.30 Session 3: Ms Emily Ward, Research Pharmacist, Chelsea and Westminster Hospital NHS FT

Title: Advance Practice for Pharmacists

Key Objectives and topics covered:

- *An overview of Emily's research career to date*
- How can pharmacists/technicians get more involved in research (from those in a junior pharmacist role to those who have more senior roles)?*
- *What opportunities are available for pharmacists/technicians to progress in research?*
- *To describe the skills and experience needed to take part in a research project*

14.30-15.00 Break

15.00-15.30 Session 4: Dr Tristan Barber, Consultant in HIV Medicine, Royal Free NHS Foundation Trust

Title: Fake news

Key Objectives:

- *Discuss some of the common misconceptions associated with HIV/AIDS and their treatment*
- *Discuss how common misconceptions about HIV/AIDS impacts social stigma and access healthcare for PLWH*

15.30-16.30 Session 5: Dr Collins Iwuiji, Clinical Senior Lecturer (Hon. Consultant) Sexual Health & HIV Medicine. Global Health & Infection Department, BSMS

Title: How to prepare a conference Poster and Grant proposals

Key Objectives:

- *How should people present their posters at conferences, so that their findings are clear?*
- *How to avoid the common pitfalls in presenting a poster with examples*
- *Information that is needed for a grant proposal to ensure success, an overview of the process and usual timelines.*

16.30-16.45 Close of study day & completion of feedback forms

Notes:

Coffee and refreshments will be available outside the meeting room mid-morning.

This Study Day is free to our members.

If you are not a member, a payment of £15.00 is required at the time of booking. Payment can be made using HIVPA's online payment system by visiting the website (www.hivpa.org), BACS or by cheque. Payment must be received prior to the event taking place.

If you require an invoice to your Trust please provide an order number and confirm the name of your Line Manager at the time of booking to ensure that payment is made by your Employer in a timely manner.

Payment is non refundable after the deadline date for bookings. If you have any questions or queries please contact hivpaoffice@gmail.com.
